Country Prayer Cards

Let's Pray for Japan

Grab a map and lay hands on the country of Japan as you pray:

“Dear Jesus, we pray for the Japanese people to look for You, the God who created them and loves them, as their true source of hope. We pray that Your Holy Spirit would remove the blinders of their traditional religions to see their personal sin and deep need for a personal Savior. Jesus, we ask that You would make a way for thousands of Japanese to come to faith in Jesus in a real and meaningful way so that a church will be born from within and lead from within. We pray for the missionaries in Japan to be refreshed in You and that You would grant them favor with the people. We praise You for what You are doing in that beautiful country and for the believers You have already redeemed. We pray that You would raise up more missionaries for the harvest in Japan. We ask all of this in Jesus’ name, amen.”
