Olympic Opening Ceremonies Discussion Guide

Olympic Opening Ceremonies Discussion Guide

As we watch the Opening Ceremonies artistic show, talk about some of the following aspects of what your family sees:

- What sort of things are different about China, its people, and its culture?
- What sort of things are the same as our culture and heritage?
- What was your favorite part of the Chinese Opening Ceremonies artistic show and why?

During the Parade of Nations during the Opening Ceremony, grab a map or globe and see what countries your family can recognize, and chat about these questions:

- Where are these countries on the map/globe?
- Can you find China?
- How far have the athletes traveled to get to the Olympic games?
