Country Prayer Cards

Let's Pray for Ukraine

Grab a map and lay hands on the country of Ukraine as you pray:

“Dear Jesus, we confess we don’t really understand what You are doing in this conflict, but we say we trust You. Help our brothers and sister in Ukraine: help them to trust You, to turn to You, and to point others to You. We pray for the Church in Ukraine to stand together for Your purposes, to show Your love, and that the work of the Gospel will go forward. We ask You for peace, for resolution, for the truth to come to the forefront in this conflict, but we ultimately want Your will to be done so we say ‘we trust You!’ We lift up the children, the displaced, the fearful, the hurt, and those fighting on behalf of their country and ask that You would protect them for Your purposes. Help them to lift their eyes to You, repent, and turn to You! In Jesus’ name, Amen.”

Let's Pray for Russia

Grab a map and lay hands on the country of Russia as you pray:

“Dear Jesus, we know that it is not the people of Russia that are driving in this conflict, but their country and their leaders. We pray for all the world leaders involved, that they would repent and turn to You and that You would have Your way in this conflict and bring about a quick resolution to end the violence quickly. We ask that you would be with the soldiers following orders, help them to to know You, trust You, and love You. We pray that You would bring unity to the situation. We pray for the Church in Russia to know their place and point people to You, the only real peace and only real answer for this world. We pray for Your purposes to be accomplished and Your glory to be manifest no matter what happens. In Jesus’ name, Amen.”
